

WELCOME

We wish to take this opportunity to thank you for making a recent appointment to visit our office. We are pleased to welcome you to the Skin & Vein Center and delighted that you have scheduled a consultation with us. It has always been our personal and professional objective to provide our patients with quality care and individual attention.

During your consultation, you will be given your best advice about how to treat your condition and achieve your goals. We want to provide you with the information needed to make your best possible decision for yourself.

We are enclosing your initial paperwork that will be needed prior to your appointment. This will provide you a quicker, more efficient initial visit. Please be aware that if you do not complete this packet prior to your appointment, your appointment time **may be significantly delayed**. Please make sure that you complete each section and question entirely. Remember to bring your insurance card(s) and your drivers' license with you to your visit. If your insurance requires you to have a referral to be seen in our practice, please make sure that you have that referral before coming to your appointment - **we will be unable to see you without your referral**.

We look forward to meeting you and having the opportunity to assist you in your medical care.

Sincerely,

Eric Seiger, D.O.
Medical Director.

Dr. Seiger participates with the McLaren Oakland Hospital Residency program. Therefore, Dermatology Residents and Medical Students may be present in our offices.
